% increase in employees returning to the office by city:

- Los Angeles: 63%
- San Francisco: -17%
- Chicago: 3%
- New York: -3%
- Boston: 4%

Industries that saw more employees returning:
- Retail
- Media/Telecom
- Government

* Retail especially had a big push in returns in August.

Industries that saw big dips:
- Education
- Construction

Both were big players in previous month's returns.

Employee bounce rate in the U.S. continues to climb, up 1.5% from July.

In August, AU office capacity dropped to 10%

Desk bookings and employees in the office both dropped.

Very few countries saw in-office employees per company rise from July to August. Countries that saw top growth include Netherlands and Canada.

Conference room booking also saw a drop in August. This matches with historic trends as conference room booking usually sees a dip that rebounds in September.
